

1234 main steet,
Box Boxhospital name: Box Box Hospital, BOX Box area

Dear Box Box Hospital,

I am writing to file a complaint regarding the overcharging of my recent surgery. On [Date of Surgery], I underwent a [Type of Surgery] at your hospital. I was shocked to receive a bill for [Amount of Bill], which is [Percentage]% more than the average cost of this procedure in my area.

Upon reviewing my medical records, I discovered that I was charged for several unnecessary services, including:

* [List of Unnecessary Services]

These charges total [Amount of Unnecessary Charges]. I have attached a copy of my medical records and a breakdown of the hospital charges for your review.

I have contacted my insurance company, and they have confirmed that the charges are excessive and not covered by my policy. I have also spoken with several other patients who have had the same surgery at your hospital and they were not charged nearly as much as I was.

I am extremely disappointed with the way I have been treated by your hospital. I believe that I have been overcharged by at least [Amount of Overcharge]. I am requesting that you refund me this amount immediately.

If you do not refund me within [Number] days, I will have no choice but to take legal action. I have already consulted with an attorney, and they are confident that I have a strong case.

I am a loyal patient of your hospital, and I have always been satisfied with the care I have received. However, I am deeply concerned about the overcharging that has occurred in this case. I hope that you will take my complaint seriously and resolve this matter promptly.

Sincerely,
Max Verstappen
